DRAWING--ARCHITECTURAL and MECHANICAL.—As this is the reason for young mechanics and others to apply themselves to the attainment of the greatest aid to the eminence in their various pursuits, viz:---a thorough knowledge of Geometrical Drawing.

We would call their attention to "Minifie's Text Book of Self-instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that we have ever seen; no young Mechanic such as a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continent.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not be said [illegible] finger or what a master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expense, to any part of the Union, on the receipt of three dollars, which may be sent per mail at our expense.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 48 steel plates.--- Price $1,25. Published and for sale by

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations,

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is a undeniable fact that no medicine ever brought before the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr. Corbet's !--- The distinguished Prof. Hayes says:---"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest repute as remedial agents, and does not include any *Metallic Compound*."

But read what Druggists say, whose well known characters give full assurity to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, and the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

READ THE FOLLOWING REMARKABLE CURE

EFFECTED BY DR. CORBETT'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

[From Sophronia W. Badger, wife of Stephen C. Badger, Esq., for many years Clerk of Court of Common Pleas, Merrimack County, N. H.]

"For a number of years past I have been afflicted with Salt Rheum, Dyspepsia, General Debility, and Scrofulous Affections. About fifteen months since, I commenced taking Corbett's Shakers' Sarsaparilla Syrup, and soon realized great benefit therefrom. It is the first medicine I ever found that permanently helped me, and I feel that my health and strength are very much improved. I believe this an invaluable remedy for Scrofulous disorders, and most cordially recommend it to all who are afflicted as I have been. My general health is now good, and I attribute my recovery solely to the Shaker Syrup.
SOPHRONIA W. BADGER.

To those who suffer by diseases that seem almost beyond "the reach of the healer," what can be more encouraging than this? To those whose Blood is diseased, whose Lungs are affected, whose systems are generally enervated and prostrated by abusive medicines, we only say, Listen to the language of the Restored! To the testimonies of Science! and the assurances of the most distinguished of the Medical Faculty, and use

ANOTHER PHYSICIAN'S TESTIMONY.

Mr. Fowle—Dear Sir: I could send you a *dozen* certificates, *strong* and *decisive*, of the really *sanative effects of your valuable Balsam of Wild Cherry*, within the past twelve months, under my own supervision and direction. Indeed, I know of few persons who have used it, comparatively, but commend it in the strongest terms. A *case of Asthma*, the *severest I ever saw*, to which I was called a month ago, evinced the *superiority* of the *Balsam*. This disease lasted six weeks, and the dyspnea and suffering were *dreadful*; he sat up every night.--- The gentleman told me to give him something to last him home, (21 miles,) so that he might see his wife and child, and die in peace! I gave him one bottle of the Balsam, and four ounces of syrup squills, directing him to take tea-spoonful doses of best Bordeaux olive oil, when the difficulty of breathing was greatest. Next day I forced his despondent will, and *made him* take six bottles of *Wistar's Balsam of Wild Cherry* home with him *as a present*, he having alleged that he had used so much expensive medicine to no profit. Last week Mr. A. called and *expressed* his *gratitude* to me in the *warmest manner*, *said the medicine had saved his life*, paid his *whole* bill, and took six bottles more, and left my office for home, *rejoicing*.

Very respectfully yours,

PROCASTINATION IS THE THIEF OF TIME.

Delay is dangerous---neglect that *cold* and *cough* a *few* weeks, and the *hope of recovery* will be *lost* to you for ever. Let not any pecuniary condition deter you from *trying* to save your *life* and *health* while there is a chance. *Consumption* is annually sweeping off thousands to the tomb; *no disease* has baffled the skill of *physicians* like it; *no physician*, perhaps, has ever done *more* for this large class of suffering humanity, than Dr. Wistar.--- An "ounce of preventative is worth a pound of cure;" therefore, before your lungs become ulcerated, and *so diseased* that *no* human means can save you from an early grave, *try* in season, try at *once*, a medicine which has been of such infinite value to thousands---obtain a bottle of *Dr. Wistar's Balsam of Wild Cherry*, take it, get another if necessary, *persevere* in using it until you have *removed the disease entirely*, which if *neglected* will terminate your life. Be not deceived by quacks, with their *imitations* and *counterfeits*; buy none but the *genuine* and *original*; which is signed I. BUTTS on the wrapper.

None is genuine unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR, Agent for Newport. Feb7

DR. CORBETT'S Concentrated Syrup of Sarsaparilla !---The Ruling Medicine of the Day.--- Thus writes L. W. Wright, Esq., the well known, efficient and gentlemanly Conductor on the Concord Railroad.

Boston, Feb, 21, 1849.

Messrs, Edward Brinly & Co.

Gentlemen:---In March last, 1849, I was prostrated for several weeks with an inflammatory brain fever, which left me in a weak and feeble state.

A friend advised me to try a bottle of "Corbett's Concentrated Shaker Sarsaparilla," which I did, with the happiest results. Before I had completed the first bottle, I was conscious of a decided improvement, both in strength and my general health. I have since used several additional bottles, until my health is better, and my constitution apparently stronger than it has been before for years. To those similar afflicted as myself, and indeed to all troubled with constitutional debility, loss of appetite, or impure blood, whether preceded by actual disease or otherwise, I can cheerfully recommend the Shaker Sarsaparilla, as in my opinion it is the most effective and health-restoring medicine known.

Yours truly,
L. W. WRIGHT,
Conductor on the Concord Railroad.

"I have always considered Dr. Webster's work in lexicography as surpassed in fullness and accuracy by none in our language."---*President Wayland, of Brown University, Providence, R. I.*

"I have been in the habit of using Dr. Webster's Dictionary for several years past, in preference to all others, because it far excels them all, so far as I know, in giving and defining scientific terms."---*Pres. Hitchcock, of Amherst College.*

"My judgement and feelings are most heartily and permanently engaged in doing all that I can to make Webster the standard wherever the English is spoken, as it deserves to be, must be, is, and will be."---*Professor Stowe, of Cincinnatti.*

Lord Brougham, in a recent conversation with an intelligent American traveler, remarked of this work,---"It has come to be a necessity to every educated man."

"Dr Webster's great work is the best Dictionary of the English language."---*Lon. Morn. Chron.*

The Lond. *Literary Gaz.* of April 1st, speaks of it in the following just terms:--"A noble monument of erudition and indefatigable research."

"We rejoice that it bids fair to become the standard Dictionary to be used by the numerous millions of people who are to inhabit the United States." *Signed by 104 Members of Congress.*

DR. CORBETT'S SYRUP OF SARSAPARILLA

EFFECTS WONDERS!

Read this remarkable case of JOHN DAVIS,
Sexton of Rev. Edward T. Taylor's Church, Boston.

I, the undersigned, Sexton of the Church of that good man, Father Taylor, state the following facts, which I think should be told a world. I was born in Portugal, and am now forty years of age. My parents were healthy, and I was not afflicted by any disease until the year 1845. I was then residing in Boston. At that time my skin became subject to a humor, which at last was so bad as to alarm myself and friends. Severe sores and abscesses developed themselves: large scars are now deeply imprinted on my forehead and other parts of my body, and by their excoriation indented even into the bone. About twelve months since my afflictions seemed increasing--- Desperate sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my daily bread.--- Failing of receiving any benefit from physicians who prescribed for me, I resorted to the use of various Sarsaparilla compounds, as advertised, but with no benefit. The able and distinguished surgeon and physician, James Ayre, M. D., Hanover street, who had watched my case, at last advised my using Corbett's Shaker Sarsaparilla.

I am happy now to state that my general health is fast improving, the scrofulous developments on my head, arms and face quietly passing away, and not until this moment have I had any hope of a [illegible] relief from suffering.

THE AGE OF IMPROVEMENT.---One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, Consumptives, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and consecrates, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudices of all respectable and sensible men, and the article has taken a stand among the first class discoveries and blessings of the age; and when resorted to in season, eradicates the diseases for which it is recommended.

Dr. H. Macnair, of Tarboro, North Carolina, writes us under date of February 11, 1847, that he has used Dr. Wistar's Balsam of Wild Cherry, in his practice the last eighteen months, and considers it the best preparation of the kind he ever saw, and knows of none so deserving the public patronage.

CONGRESS.

WASHINGTON, March 20.

SENATE.—Mr. Dayton presented a petition for the abolition of slavery in the District of Columbia, which was referred to the appropriate committee.

Mr. Mason moved the reconsideration of the vote whereby the above petition was referred, and presented a petition in favor of repealing all laws sustaining slavery in the District of Columbia, or in case this was refused, to have the Capital removed. The motion to reconsider was laid on the table.

Mr. Hale then resumed his speech in reply to Mr. Calhoun.

HOUSE.—Mr. Stanton, of Tennessee, offered a resolution emanating from his state, concerning the contemplated Pacific Rail Road, and embracing objections to the project.

Mr. Robinson, of Indiana, obtained the floor, and warmly advocated Whitney's Pacific Rail Road scheme. He thought it much better that it should be disconnected from the Government.

The House went into committee of the whole on the General Deficiency bill.—Hampton's amendment in favor of appropriating $14,566 for extra clerks in the Home Department commencing last June, was discussed by Messrs. Vinton and Taylor, who spoke in favor of the amendment, and Messrs. Kaufman, Disney, Phelps, Carter and others, who spoke in opposition. Mr. Carter was very severe upon Mr. Ewing. Mr. Taylor defended him.—The committee rose and the House adjourned.

TEDESCO—A QUEER STORY.—The New York Atlas of yesterday contains an article in regard to the reported marriage of Signorina Tedesco to a distinguished New Grenadian and her subsequent desertion by him, in which the whole story is contradicted from beginning to end. The article says that although the New Grenadian was intimate with the Signorina, he was never married to her, and consequently his abandonment of her was not so cruel, after all. It is further stated that the gentleman is now in New York, where he is about to commence proceedings against the journal which announced the marriage and desertion. The most extraordinary feature in the case is that Tedesco is in New York, to the individual in question.

HALTING BETWEEN TWO OPINIONS—Many are looking for political rewards and honors, and they hesitate in the efforts for the improvement of the people by a better education, fearing that their good name may suffer with the "*dear voters.*" But let me assure my readers, that he who is a coward out of office, will never be a brave man in it; and his fate will be that man's who had taken a glass of brandy with one crony, and a glass of gin with another, and while reeling home fell into the wheel rut. Being asked what he did there, replied, that the brandy wanted him to go one side of the road, and the gin wanted him to go on the other, and he was only "*halting between two opinions.*" It is so with many politicians when moral courage is required; they are afraid to gratify either party, and thus in doing nothing, remain as nearly between the two as possible.—But, dear sirs, the *wheel rut* is a dangerous place.

JENNY LIND.—The Boston Transcript says:—"A friend, who recently encountered Barnum on board of one of the Norwich boats, and who was shown all the documents relating to the engagement with Jenny Lind, informs us that she writes English with much propriety, and her letters give a favorable idea of her womanly character. She asks Mr. Barnum to 'save her from her friends;' in other words to protect her from the well-meaning people, who always crowd to make her acquaintance, and rob her of the time essential to practice or to repose. She writes, that while not performing, she would like to be located in some quiet, secluded village, where she could 'have a few poor families to visit' and be spared fashionable intrusions."

TELEGRAPH TO EUROPE.—Mr. Chase has presented a memorial to the U. S. Senate, in relation to the establishment of a line of telegraph across the continent, and through Behring's Straits, to connect with Europe. Referred to the committee on commerce.

WHAT A STORY!—A child has been born in St. Timothy, Canada, with nothing human about it but the head and arms the rest being a tortoise with a hard shell, and amphibious feet moving out and in.—The parents wished to kill the monster, but the priest forbade them, and baptised it, and it is likely to live.

☞Some of the up-town fashionables in New York have got a new idea in their heads, which is this,—they propose to have *Morning Dances*, in order to kill time, and establish, if possible, an exceedingly exclusive Aristocracy. In most instances, these persons who are living "up town," as it is termed, in New York, are the merest snobs who ever disgraced God's footstool. Their origin was obscure enough, although none the worse for that, we are free to say, because we hold that every man and woman should be fairly judged in life by their own merits; and just in proportion as a man has arisen from an humble origin, and now occupies a truly honorable and commanding position, should he be respected for his talents, his virtues or his perseverance. But most of these persons have arisen from humble positions, and their vast pretensions and magnificent display now, only make them the more contemptible in the estimation of sensible people.

The accumulation of a little wealth has made these people forget their origin, and while they frown down, as they think, upon those who are, and always have been, vastly their superiors, they seem to forget that the memories of all are not as convenient as their own, and that very many can readily remember, but a few years ago, when they were in exceedingly feeble cir[illegible] and were regarded. They have erected their gorgeous palaces, up town, in what is conceived to be a fashionable vicinity, and are now living in something which very much approaches to regal splendor. They thus work their way into the bosom of what is termed the Aristocracy,—and heaven only knows what *that* means. This morning Dancing is one of the freaks of this peculiar class of people; and if they can enjoy it, or it can add anything to their felicitous existence in snobdom, we certainly are perfectly willing to leave them in their luxurious indulgence. But, at the same time, we reserve to ourselves the privilege of expressing our opinion in regard to such silly and little nonsense. Let them enjoy all they can, in their own peculiarly chosen manner,—but at the same time we claim the right to speak of the matter, precisely as we choose, and to expose and denounce their pretensions to a well-grounded Aristocracy. God has established no lines of demarkation on this earth, in point of pecuniary possessions, by which the preference is to be given to one sect over another.—Wealth is the result of accident, chance and all manner of fortuitous circumstances; and hence there is no such irregularity in the economy of God's wisdom, as that which would indiscriminately favor a few, and *by this means* give them any claim to superiority in this world, or in any of its affairs. When God makes an Aristocrat, He unmistakably places His own impress on his brow and in his mind; and *that* Aristocracy He will guard and protect, because it is an offspring of His own Divinity, and He will hold *it* accountable for its action on earth.

☞There will be an adjourned meeting of the Whigs of this town, at the Town Hall, this evening, to make the necessary preliminary arrangements for the approaching Spring election. These meetings are always important, and should be more generally attended than they are. We know that when there is no excitement, it is difficult to induce people to attend political meetings, or take any interest in such matters. The only way to sustain the cause, and always keep the ascendancy over our opponents, is to keep alive the interest, and in this way we shall always continue strong. We hope to see a full meeting this evening.

☞The Engine and tender on the Fall River road ran off the track, yesterday morning, at Myricks, and made a detention of an hour and a half. But little damage was done, and no one was injured. *Of course, no one was to blame.*

☞Graham's Magazine for April is on our table with its usual punctuality; and we are happy to find that Graham has so far relieved himself from his late embarrassments as to be able to assume the Proprietorship of the Magazine again. He has labored long and zealously for the public taste, and we trust that an appreciating public will amply and substantially remunerate his efforts.

The number for April contains the "Mirror of Beauty," a fine stipple engraving; "Sunshine of Love," an exquisite mezzotint; Paris Fashions, Music, &c. The articles are by Mrs. Embury, George D. Prentice, Hirst, Lowell, Street, Grace Greenwood and others. They are all well written, and the present number of Graham fully sustains its literary reputation.

PROFESSOR WEBSTER'S TRIAL

BOSTON, Wednesday, March 20.

The Jury, by direction of the Court, this morning examined the Medical College, in connection with the Counsel for the Commonwealth and the prisoner, who were forbidden to enter into any argument, but were permitted thoroughly to show and explain localities. They returned to the Court room at about 10 o'clock.

Marshall Tukey was called and sworn. In the meantime the Counsel for the Commonwealth produced and exhibited full plans of the various floors of the Medical College, and a wooden model of the whole building, about three feet long, capable of being dissected so as to expose all the floors and partitions.

Mr. Tukey is city Marshall; was informed of the disappearance of Dr. Parkman on the forenoon of Saturday Nov. 25; commenced search immediately at the west end of the city, and at 2 o'clock, P. M., the same day, directed the entire Police of the city to search. Witness was requested to state in general terms about the search which was made. Answer: It was as general and thorough as the means at the disposal of the city would allow.

Men were sent in all directions for 50 or 60 miles on all the railroads—to all the towns on the coast, including those on both sides of the Cape.

We searched over land and water, and under water. We published and circulated 28,000 copies of four hand-bills. The first merely stated that Dr. Parkman was missing. It was published on Sunday, the 25th. The second, published on Monday, the 26th, offered a reward of $3000 for the discovery of Dr. Parkman.

The third offered a reward of $100 for [illegible] without saying had been in the possession of Dr. Parkman.

The fourth was published Nov. 26, and offered a reward of $1000 for the discovery of Dr. Parkman's remains. I first heard of the discovery of remains at the Medical College on Friday, Nov. 30, in the afternoon. Went immediately to Medical College, with other officers—officer Clapp was one. We entered the cellar by a trap-door. Saw a fresh hole cut in the wall.

Looking through a hole, saw what seemed to be pieces of flesh scattered by the water, from a sink, being on a rising spot; directed Littlefield and an officer to enter and pass them out; there was five pieces; questioned Littlefield whether they were parts of a dissected subject; he were they in a place where such dissected remains should be; no. Was there any other access to that vault than by the hole in the privy and the one just made in the wall? There was not! While they were there they heard footsteps in the Laboratory above, and he sent up to ascertain, but he was not there. On entering the Laboratory, bones &c. were immediately discovered in the furnace. Witness immediately dispatched officers to arrest Prof. Webster at Cambridge. Was not present when Prof. Webster was brought down to the Medical College.

Calvin G. Moore, sworn—Saw Dr. Parkman in Paul Holland's store, corner of Vine and Blossom sts. on Friday Nov. 23, about ten or twelve minutes before 2 o'clock saw him purchase sugar; knew the time from his dining hour; Dr. Parkman went out immediately after his purchase, by the blossom-st door; fixed the time in his mind; the day after, when search began to be made, Mrs. Moore (wife of the former witness) testified, that on Friday, the 23 Nov. she called to her son George, who was in the street, about ten minutes before 2, to go to school.

George Moore, being called and sworn, testified that when his mother called him, he had just seen Dr. Parkman go down Grove street towards the Medical College.

Dwight Prouty (another boy, who was with the former)-testified the same thing.

Elias Fuller, sworn—Clerk of the West Boston Foundry; saw Dr. Parkman coming up Fruit-st. [Testimony only to this point.]

The Court Room is densely crowded, chiefly with members of the Bar, and, distinguished strangers. There is universal complaint among the Reporters, and quite justly, that they find it almost impossible to hear.

Dr. Francis Parkman, brother to the deceased, is in attendance, and seemed much affected as the bones found in the furnace, were produced.

Ezra Fuller, Albert Fuller, and Leonard Fuller, Proprietors of the West Boston Iron Foundry opposite to the Medical College, were sworn and testified to seeing Dr. Parkman enter the Medical College, at the hour specified by the former witnesses or within a few minutes of that time. Two of them lent to Littlefield the tools with which he dug through the wall on Friday, Nov. 30.

Albert Fuller testified that Dr. Webster came into their room to sign a check for Mr. Cummings, a blacksmith, on Tuesday after the disappearance of Dr. Parkman.

Paul Holland sworn—Is a grocer at the corner of Vine and Blossoms sts.; saw Dr. Parkman Friday, Nov. 23; he came into my store between 1 and 2 o'clock; think it was about 1 1-2; he staid there about fifteen minutes; he bought 22 lbs. sugar; brought in a paper bag; asked permission.

GEN. TAYLOR'S PLANTATION SUBMERGED.—The Cincinnati Commercial of the 14th states, that when the steamer Yorktown, Capt. Haldeman, passed Gen. Z. Haldeman says he never saw that point so completely submerged, and fears are entertained of the total ruin of numerous plantations, and of course the bankruptcy of some of the owners.

MR. BENTON AND MR. CALHOUN.—It is reported that Mr. Benton has ordered a considerable number of Mr. Calhoun's speech, for distribution in Missouri. He will not reply to it. When asked if he should answer, his response was—"No, sir; proves all I said of him, sir. I predicted the whole thing, sir, in my Jefferson city speech, sir. Rank disunion, sir; nothing else, sir; all explained in my speech, sir; here are two copies, sir; find the whole explained there, sir."

AT THE SOUTH.

One of our agents at Athens, Georgia, has sent us the following letter, with permission to publish the same.

TRUTH IS MIGHTY AND WILL PREVAIL.

ATHENS, August 24, 1846.

Dear Sir:—Having been afflicted for more than ten months with Chronic Inflammation of the Lungs, at times very severely, and having adopted many medicines without any but temporary relief, I purchased about three bottles of Wistar's Balsam of Wild Cherry, from the effects of which I obtained more relief than from all the medicines I had ever taken for that distressing disorder. I have by the repeated use of this valuable Balsam, been more free from pressure for breath and oppression on the lungs than I had anticipated—and, indeed, conceive that I will be cured by continuing its use, of this most disheartening malady. I do most cheerfully tender you this acknowledgement, which you will use as your judgment dictates.

THE UNION

MUTUAL FIRE INSURANCE CO.,

CONCORD, N. H.

THIS Company was chartered in June, 1848, and went into operation in October following: since which, it has issued 3645 Policies, covering by Insurance more than two and a half millions of property. The whole amount of property now at risk is $2,157,000.

The aggregate Capital of the Company amounts to $250,000.

In accordance with the provisions of their Charter, the Directors have divided the property at risk into the following FOUR CLASSES—each being liable for its own losses.

THE FARMERS' CLASS, which insures for six years, is composed entirely of Farmers' property, on which they have now insured $486,000.

VILLAGE CLASS, insures safe property in Towns and Villages, such as Dwelling Houses, their contents, out buildings, &c., for six years.—The amount now at risk in this class is $605,000.

MERCANTILE CLASS, insures for three years, and is constituted of Stores, Merchandize, Public Houses, Churches, Printing Offices, &c. The amount of property now at risk in this class is $756,000.

MANUFACTURERS' CLASS. This Class is composed of most kinds of hazardous property, with the exception of steam risks—in which the amount insured is $610,000.

The Company have, thus far, been very fortunate; the whole aggregate of losses in the three first classes combined, does not amount to $2,000 since the Company went into operation. They are now, and have been for several months past, issuing at the rate of 5000 Policies per annum.—Their capital is consequently rapidly increasing, and the Directors with confidence commend the Company to the public, as a medium of Insurance founded upon the most equitable principles and promising the most favorable results.

The above report was made the first of January, since which time, a large number of Policies have been issued.

DIRECTORS.—J. A. Potter, Asa Fowler, N. S. Chandler, T. P. Treadwell, A. Baker, John Gove, N. B. Baker, Zenas Clement, A. Bean, B. W. Sanborn, George Porter, Cyrus Barton, Asa McFarland, B. P. Page.

PEOPLE'S MUTUAL

FIRE INSURANCE COMPANY,

WORCESTER, MASS.

THIS Company commenced operations in May, 1847, and has received so liberal a patronage, that it has obtained a permanent character for prudent management, not surpassed by any Company in the Commonwealth, taking so great a variety of safe risks.

The Directors feel justified in recommending this Institution to the favorable consideration of the public, pledging themselves that every effort shall be made on their part, to continue its prosperity, and furnish such a security against loss by fire, as shall remove all anxiety on the part of those insured.

They have an Agent for the State of Rhode Island, who is thoroughly acquainted with the principles of Insurance. They also employ a General Agent, whose duty it is to examine and inquire into the nature of the risks taken, and when there is any defect in the building or carelessness on the part of the Insured, to report the same to the Board of Directors.

They effect Insurance on all kinds of Buildings, except those of an extra hazardous character.—Also, upon Neat Stock, Hay and Grain, Household Furniture, Provisions, Wearing Apparel, Libraries and Merchandise generally, and also upon all kinds of Manufactured Articles and Stock in the process of Manufacture, excepting Stock in Cotton, Woolen and Paper Mills, or property alike hazardous, for any term of time not exceeding five years.

Their Rates of Premium are established upon a basis sufficiently guarded to avoid all Assessments. The Dividends have averaged 50 per cent on all Policies that have expired in this Company, and it is believed that still larger dividends will be made in future.

EDWARD HEMENWAY, President.
OLIVER HARRINGTON, Secretary.
Office, No. 3 Brinley Hall, opposite the American Temperance House.

JOHN ADAMS, Sole Agent for the State of Rhode Island, is prepared to effect Insurance at his Offices, No. 32 WESTMINSTER STREET, Providence, and UNITED STATES HOTEL, Newport.

*** Persons wishing to effect Insurance, are respectfully requested to call and examine the basis on which this Institution is based, and avail themselves of its benefits.

N. B.—Mr. Adams will be at his Office in Newport, *Tuesday* and *Wednesday* of each week.

IMPORTANT TO CONSUMERS OF

PINE OIL, PATENT FLUID, AND PHOSGENE.

HAVING first introduced the above in this community, we are enabled, by early arrangements with the Patentees and Manufacturers, to supply such only as can be warranted genuine and of the first quality. We have on hand and for sale in any quantity, the following articles for producing *cheap light*—

1st. The genuine PINE OIL, for tube Lamps, for the sale of which, we are Sole Agents for this place; the best Oil in use, being clean and pure, and more durable than any of the Oils or Fluids. Mr. GEO. B. KNOWLES is authorized to sell the above.

2d. THE DOUBLE PINE OIL—a colorless liquid of great strength—an excellent substitute for Camphene, giving more light, and is also *cleaner* and *cheaper*.

3d. PORTER'S FLUID—the genuine kind—furnished to us by Mr. P. himself, the original Patentee; perfectly pure, colorless and safe.

4th. PHOSGENE GAS, producing an even and unvarying light of great beauty, resembling the gas of the cities.

All of the above, we warrant fully, and are ready to refund the money if they do not prove as warranted.

A great variety of Lamps on hand, for sale *cheap*. Solar, Argand, Astral and common tube Oil Lamps, altered to burn the above; prices ranging from 12 1-2 cts. up along.

[illegible] CURES

EFFECTED BY DR. CORBETT'S SHAKER SYRUP OF SARSAPARILLA!

The following is from Jacob P. Eastman, of Concord, N. H., extensively known as an efficient Railroad Contractor and Builder, throughout the New England States.

BOSTON, March 8, 1849.

Messrs. E. BRINLEY & Co.

Gentlemen:—Happy am I to inform you of the wonderful effects of Corbett's Sarsaparilla upon a little daughter of ours, who was poisoned, when at the age of about three years, by *vaccination*.—Eruptions of the skin covered her whole body for more than twelve months, discharging the most offensive matter. We were compelled for months to oblige our little sufferer to wear mittens while in bed, and to adjust her night-dress by closing the openings at the hands and feet so as to prevent her from tearing her flesh. But even with these precautions, she would, at times, release her hands by gnawing her mittens about the finger ends, and then scratch and lacerate herself severely until the blood would flow.

She is now nearly restored to health, having used no other medicine for the last two years than "Corbett's Sarsaparilla." The effect of this powerful alterative is most signal, seeming to cleanse the whole system and eradicate all disease. The skin of our little girl is now fair as that of infancy, and her system rapidly changing from impurity and disease to perfect health, and this I know to be the result of the use of Corbett's Sarsaparilla only. J. P. EASTMAN.

Made and put up by the Society of Shakers.—None genuine without the signature of Dr. Corbett.

E. BRINLEY & CO., Sole Agents, Boston.

To Druggists and Dealers in Medicine.

DR. WISTAR'S

BALSAM OF WILD CHERRY.

This celebrated and infallible remedy for the cure of Consumption, Asthma, and Liver Complaint, was discovered some ten years ago. Since that time it has, by its own merits, been rapidly, surely, and safely working its way through the opposition of quacks and counterfeiters, until by its true value, and intrinsic excellence, it has gained for itself a most enviable popularity and established itself in the confidence of an intelligent and enlightened public, from one end of the continent to the other. The testimony of thousands who have been relieved and cured by this valuable article, will show that it stands unrivalled—at the head of all other medicines for the cure of diseases for which it is recommended. The genuine Dr. Wistar's Balsam of Wild Cherry is now for sale by duly appointed Agents, and all respectable dealers in medicine, in all large cities and all important towns throughout the United States, Canadas, and British Provinces.

None genuine unless signed *I. BUTTS*, on the wrapper.

For sale by R. J. TAYLOR, Agent for Newport. Mar14

COMMISSIONER'S AND ADMINISTRATOR'S NOTICE.

THE subscribers, having been appointed by the Hon. Court of Probate, Commissioners on the estate of *SILAS WARD*, late of Newport, deceased, represented insolvent, hereby give notice, that six months from the 15th day of the present month, has been allowed for the creditors of said estate to bring in their respective claims, to either of us; and, that we will meet at the residence of Augustus Bush, in Broad street, on the third Fridays of June, July and August next, at 3 o'clock, P. M., for the purpose of considering the same.

PETER P. REMINGTON,

FACTS TO BE REMEMBERED.

CONSUMERS of PATENT OIL, PINE OIL, BURNING FLUID and CAMPHENE, will find it to their interest to call on the undersigned before purchasing elsewhere, for three simple reasons—

1st. Because we always have on hand and are daily selling, large quantities of the only PATENT OIL for tube Lamps, that is sold in Newport—for the sale of which, we are the only Agent, and which is, beyond all doubt, the best article for *Family* use ever introduced, for a brilliant and Cheap Light. It burns free and brilliant—free from grease, smoke or smell, and will not congeal or explode, and is sold at 70 cts. per gallon.

2d. THE PINE OIL and BURNING FLUID furnished us by the largest and most extensive Manufacturers in New York and Boston, enable us to *warrant* it as being pure and genuine. Every one speaks of it in the most flattering manner, as being a cheap and clean light, and is sold at 70 cts. per gallon; and the Pine Oil, for burning in Williams's Parlor Lamps, for 60 cts. per gallon.

3d. Though last not least of all, comes RIDER'S DOUBLE REFINED CAMPHENE, which is acknowledged by all, to be the best and cheapest article for light. It has stood the test of this community for the last six years, notwithstanding the many attempts to crush it, by introducing an inferior article from New York and Boston. The superior advantage ours has over *foreign Camphene* is, that we distill it fresh twice a week, and consequently it will not smoke or crust the wick, like an article bought from abroad. Thus, we furnish the public with an article from which they can obtain any quantity of Light, (equal to City Gas,) at one-third of the expense, at the same time safe, clean, and free from smoke or smell.—All the above are FACTS, for which we hold ourselves responsible to the letter, or we forfeit our trade, our reputation, and our sacred HONOR.

Also, Lamps of every description for burning the above, for which we are Agent for the Manufacturers, and will sell at their prices. Wicking, Tubes, Cans, &c., &c.; and, in fact, we keep POSTED, close up, in every particular respecting the Cheap Light system. Therefore, we say to every one that desires a brilliant and economical Light, to call on the subscriber before purchasing elsewhere.

SAVE YOUR MONEY.

VERILY, THIS IS THE AGE OF HUMBUG!

TO CONSUMERS OF FLUIDS, PATENT OILS, CAMPHENE, &c.

HOW easy it is, and still more silly, for a person to sit down and write an advertisement praising every or any article that they may happen to have to sell, and running down that of their neighbors, which they know to be quite as good as their own, and, in many cases, better. But such is characteristic of the age we live in. But the public has been so gassed up of late, with these flaming, bombastic advertisements, that they now know just what weight to attach to them. We believe that advertising, when not abused, to be a benefit to all; but, like many other things, it must be overdone with

Gas! Gas!! Gas!!!

We would say to all, use your own judgment—it is the only alternative.

I have the following articles, which is the best, cheapest and cleanest, of any Oils or Fluids now used, for producing a brilliant light:

Burning Fluid,	70 cts. per gall.
Pine Oil,	70 " "
Camphene,	60 " "
Phosgene,	70 " "
Patent Fluid,	70 " "
Williams's Pine Oil,	60 " "
Double Pine Oil,	60 " "

And all the other Oils. We are daily receiving fresh supplies of the above kinds of Oils and Fluids, from the largest Manufacturers in the country, and we defy all competition in prices or quality. We expect that others have as good an article as ours, but we know that none have a better or a cheaper. Never, in one instance, has there been a complaint brought against it, and not one family that has given it a trial, but what continues to use it in preference to all others.

Also, Lamps of every description, for burning the above, for which, I am Agent for the Manufacturers, and will sell at their prices. Wickings, Tubes, Cans, &c., &c., and every article ever called for, kept in a Lamp store; and we advise all that desire a brilliant and economical Light, to give us a call, and they will find us ever ready to fulfil our promises to the letter.

DR. S. P. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA:
ORIGINAL AND GENUINE.

SIXTY DRUGGISTS!

"An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep small retail drug shops in the back streets of the city, and are no Druggists or Physicians. The advertisement was put in by a lot of unprincipled men under the name of Thompson, Skillman & Co., who hired an old man by the name of Jacob Townsend, last fall, to put up a stuff which they endeavor to palm off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have avowed that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising, which has cost him over $300,000, and the popularity of the name of his medicine, to sell theirs. The advertisement signed by these shopkeepers, and put in the papers by Thompson, Skillman & Co., would lead people to believe that our Sarsaparilla sours, &c., which is false. These men have not, to our knowledge ever purchased any Sarsaparilla of us, and know nothing of its merits, very few of them being able to spare sufficient amount of money to purchase a dozen. The majority of them have applied to us for agency, which we refused. At least one of these men has been in the

STATE PRISON,

for forging a draft or note on the Chemical Bank; we know nothing of the character of the others—but if they sell any Sarsaparilla for the original and genuine Dr. Townsend's Sarsaparilla which is not signed by S. P. Townsend, they would commit any fraud.

Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

WHOLESALE DRUGGISTS.

[illegible] to many others—we keep it through all seasons in South America, New Orleans, Havana, &c., and these charges that our Sarsaparilla sours and foments is as foul as their other libels.

Read the following:

New York, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla. It is an article that commands an unprecedented sale, and as far as we know, gives universal satisfaction. It does not foment and break the bottles as has been alleged.

NORTON & BABCOCK,
No. 130 Maiden Lane and 29 Fletcher street.

New York, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and gives universal satisfaction. I have no difficulty with its fomenting or souring.

THOMAS W. CUMMING,
Wholesale Druggist, 178 Greenwich street.

New York, May 21, 1849.

This is to certify that we have purchased over an thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla within the last five years. The medicine is very popular and has become an article of commerce. We find no trouble with its souring or fomenting.

BOYD & PAUL, No 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his calling at his house to sell some pamphlets and cheap publications.

CONSUMPTION CURED!
Cleanse and Strengthen.
CONSUMPTION CAN BE CURED.

Bronchitis, Consumption, Liver Complaints, Colds, Coughs, Catarrh, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

In the last stages of Consumption.

The following Certificates are selected from a large number received. The first was kindly forwarded to us by Dr. Colwell, a respectable physician of extensive practice at Oswego, New York. He writes that the Sarsaparilla has performed many cures, and the better it is known, the more it is appreciated. His letter can be seen at the office, if any wish to see it.

East Oswego, Dec. 9, 1847.

Dr. Colwell:—

Dear Sir—This is to certify that I have been sick a number of years with the Consumption, and that the past summer I was so low that my friends thought I could not live but a very short time, and by your advice, thinking there was yet a hope left, I commenced taking Dr. S. P. Townsend's Sarsaparilla, which soon gave me relief. I grew better fast while taking the Sarsaparilla, and am now able to be about the house and do some work. I owe my recovery, thus far, to the above medicine, and believe that it saved me from the grave. If you choose, you may forward this statement to Dr. S. P. Townsend.

MRS MARGARET ARMSTRONG.

We, the undersigned, are acquainted with Mrs. Armstrong, and know the above to be true.

Sarah Jane Henderson,—Elizabeth Hadley,—Elizabeth Bartholomew,—Mary Cook.

Curious Case of Consumption.

There is scarcely a day passes but that there are a number of Cases of Consumption reported as cured by the use of Dr. S. P. Townsend's Sarsaparilla. The following was recently received:

Dr. S. P. Townsend—Dear Sir: For the last three years I have been afflicted with General Debility and Nervous Consumption of the last stage, and did not expect to regain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles, I found it done me great good, and I called to see you at your office. With your advice I kept on, and do most heartily thank you for your advice. I persevere in taking the Sarsaparilla and have been able to attend to my usual labors for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

WONDERFUL CURE.

Her blood was like water, could not speak, bled at the lungs, severe pain in the Chest and about the Heart, raising in the Throat. Read the advertisement and doubt if you can that Consumption is incurable!

New York, Dec. 14, 1847.

Dr. S. P. Townsend—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to that I was very ill and had not strength to be about the house. I applied to Physicians and could obtain no relief, and at the time I commenced taking your Sarsaparilla, I had almost despaired of getting any better. The blood in my veins was like water. I bled very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up about half an hour at a time, and persevered in taking your Sarsaparilla. In four weeks I was able to go about the house, and have been ever since remarkably strong, and attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Your's respectfully,
EMMA SUMNER, 70 Vandam street.

Dr. S. P. Townsend's Principal Office has been removed from 126 Fulton, to 89 Nassau street, in the building formerly occupied by the South Baptist Church.

BRANT'S INDIAN
PULMONARY BALSAM

[illegible] of the most strongly marked and developed cases [illegible] undoubted cases [illegible] LUNGS—[illegible] cases as [illegible]. So afflicted were [illegible] persons, as to have [illegible] pronounced by physicians and friends to be ACTUALLY DYING. Some [illegible] have been cured, and yet live [illegible] who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses several medicines which are peculiarly adapted to, and are essentially necessary for, the cure of

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS*, and elsewhere *internally*, as *certainly and easily as the* PURIFYING EXTRACT *cures and heals ulcers externally*. This Balsam cures NINE cases of Cough and *Consumption* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its unrivalled curative power, and soothing, healing properties, in the *following* complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints* in *Children* and *Adults*, and all Female Weaknesses.

CONSUMPTION.
A DYING WOMAN CURED!

We state this case, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends to be in the last stages of disease*—actually DYING—and, in this case, SO FAR GONE, that the SHROUD and BURIAL-CLOTHES were *bought!* For *all the particulars and the respectable and undoubted particulars* of this case, and the facts, we refer to our PAMPHLETS.

This case was [illegible] Mrs. ZIRA DYKEMAN, [illegible] PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: "*I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a Chronic Disease of the Lungs, as to convince me that* I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and [illegible] now in them generally. But I was induced [illegible] to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted, [illegible] effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in eight or ten days I was free from cough, soreness of the chest, and pain, and I now consider myself [illegible] A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 19, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years*, was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the *fatal hand* of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon *inhabit a grave*. But even in this last extremity, strange and incredulous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man!*"

S. D. HANN, Esq., *merchant and post-master at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his cure, and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Otsego, Otsego Co., N. Y.*, respectable merchants, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important case of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to live *more than* ONE DAY LONGER. But, when all other remedies had failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy has raised her from a DYING BED, so that *she is now getting about and attending to her domestic and household duties*. She acknowledges, and it is very evident, that she is indebted to Brant's BALSAM for her recovery from a long, severe, and dangerous sickness, and her friends and neighbors consider that medicine invaluable!"

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said BRANT'S BALSAM had effected cures of such hopeless cases of Consumption in their town, that now no other cough medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE. One gentleman, in particular, was so far gone, that his physician told him it was *useless to take any more medicine*. He then, *when no hope was left*, began to take BRANT'S BALSAM—and was cured—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured many *consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the fact are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 21, 1849: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die*. When he commenced taking Brant's Medicine, he could not raise his hand to his head; his LUNGS BLED, and every day, some seemed to indicate that he must die; but, astonishing to all, he's now able to labor, and rides all over the county. He used *only five bottles*. It has also cured a young lady of *Consumption* in Orleans county, which her father says *no doctor could cure!*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 18, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and give better satisfaction than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of 6 months and severe sickness, which all the doctors had given up as incurable. They said she must die with a *Consumption of the Lungs*. After all had pronounced the case HOPELESS, she commenced taking BRANT'S BALSAM—and is now cured!"

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by it here, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors has been very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicine she ever took. From the benefit these persons have derived, and from my personal observations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency."

Yours respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. DR. CHRISTIE'S
GALVANIC BELT, BRACELET
NECKLACE
AND
MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this [illegible] and wonderful discovery, the exhausted [illegible]

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application* in place of the usual mode of drugging and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that curse of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

Sussex, New Jersey, July 12, [illegible]

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but [illegible] prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physician at times afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection, thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopæia there seemed to be no remedial agent which could reach and reinvigorate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficacy) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1845. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never returned; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system; and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them WITH HAPPY RESULTS, I believe in every case.

I am, dear sir, very respectfully yours,

Further Evidence

As to the great efficacy of Dr. Corbett's Concentrated Syrup of
SARSAPARILLA.

Messrs. E. Brinley & Co.—

Gentlemen,—I was brought quite low in the summer of 1847, with the Dysentery. I sought a physician several times and was dangerously sick, so much so as to believe I must die. I grew worse daily, and was so reduced and weak that I frequently fainted away. For many days I complied with the directions of my physicians. But obtaining no relief, and hearing of 'Corbett's Shaker Syrup of Sarsaparilla,' I was induced to make trial of it.

My little boy about five years of age was also very sick of the same disease at the same time. The first few doses I took relieved me speedily. The pains were speedily allayed and the disease was so early checked that I was enabled to attend work in the course of a week. My little boy was also soon cured, and only part of a bottle was taken by both of us. Absent from home some time after, I returned from Montreal, in 1848, with the same disease, which had been increasing on me many days. I resorted again to the Shaker Syrup of Sarsaparilla, and took only a few doses, when again I was early and fully restored to health. I know this Syrup cured me, and I recommend to all who may suffer as I have.

As the Spring returns guard your health by using

Dr. Corbett's Shaker Compound Concentrated [illegible]

This medicine has proved itself invaluable in the following diseases; Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sourness of the stomach. Rheumatism and Salt Rheum, Functional disorder of the Liver, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhœa.

It will be found by observation that many of the above disorders, and also that fatal disease Phthisis Pulmonalis, or Consumption, generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a scrofulous habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diureticitonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

HOME TESTIMONY--ALWAYS THE BEST.

Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man, **"FATHER TAYLOR"** thus writes as to the benefits he has received through the virtues of the Sarsaparilla:

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 40 years of age. My parents were healthy, and I was not afflicted by any disease until 1815. I was then residing in Boston. At that time my skin became subject to a humor, which was at last so bad as to alarm myself and friends.—Severe Sores and Abscesses developed themselves. Large Scars are now deeply imprinted on my forehead and other parts of my body by their excoriation and indentation even into the bone. About twelve months since my afflictions seemed increasing. Deep seated sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my 'daily bread.'

"Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon, James Ayer, M. D., Hanover street, Boston who had watched my case, at last advised my using Dr. Corbetts Sarsaparilla.

"I am now happy to state that my general health is fast improving. The Scrofulous development on my head, arms and face are passing away, and not until this moment have had any hope of a rescue from the grave. To Corbett's Sarsaparilla do I alone attribute this amendment, as not until I had adopted its use, (and this in minute quantities.) have I for four years found any relief from suffering."

Interesting statement from the Empire State.

Schuylerville, N. Y., April 28, 1849.

Mr. S. W. Fowle—Dear Sir—A desire to benefit the afflicted, has induced me to make the following statement of facts. My son, now seventeen years of age, has been afflicted, during his whole life, with a constant cough and pain in the chest, accompanied with night sweats and a hectic fever, which produced great emaciation and debility. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief. All our neighbors who saw him regarded him as one who was rapidly approaching an early and [illegible] grave. I was prevailed upon by a friend to try WISTAR'S BALSAM OF WILD CHERRY. He commenced its use, and the FIRST bottle gave him astonishing relief, and after using four bottles, his disease was overcome, and he was restored to sound and permanent health.

Beware of Imposition.

The greater the value of any discovery, the higher it is held in the esteem of the public, and in much in proportion is that public liable to be imposed upon by the spurious imitations of ignorant, designing, and dishonest men, who like the drone in the hive, have neither the ability nor inclination to provide for themselves, but thrive and luxuriate upon the earnings of the deserving.—The extraordinary success attending the use of WISTAR'S BALSAM in diseases of the Lungs, and the many singular cures it has effected, have naturally attracted the attention of many physicians, as well as the whole fraternity of quacks.

Now that this preparation is well known to be a more certain cure for incipient Consumption, Asthma, Liver Complaint, Coughs, Bronchitis, and all similar affections, than any other remedy ever known, they will be, and NOW ARE found those so villianously wicked as to connect a spurious, and perhaps poisonous mixture, and try to palm it off as the **genuine Balsam.** We raise no false alarm. We advise the public of these schemes, that their health may not be trifled with, nor ourselves plundered of our just rights.

The genuine and original
DR WISTAR'S BALSAM of WILD CHERRY, on account of its great popularity, has been extensively counterfeited in Philadelphia and some thousand bottles of the spurious imitation thrown into the market and extensively circulated. Consumption is the great curse of our northern latitudes. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city bell and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold." He merits the applause and gratitude [illegible]ges—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the Pills, of pure White Sugar whereby every thing disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine. The want of an innocent & convenient medium of disguising the Pills, so generally felt, is thus supplied, & it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious free from minerals of every description and adapted to all the circumstances and conditions of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell.—These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTIONS.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

SHAKER SYRUP OF SARSAPARILLA

The cures effected by this powerful alterative of the blood are multiplying daily.—Certificates, as to its efficacy, are rendered voluntarily, to an almost unlimited extent.—But on these alone the Proprietors ask not the public to rely. The words of Science unquestionably must bring more conviction to the doubting, than even the accredited statements of hundreds rescued from the grave.

The distinguished Chemist, Augustus A. Hayes, M. D., who has chemically tested this preparation, writes as follows—

Messrs. E. Brinley & Co—

Gentlemen:—With a bottle of "Corbett's Compound Concentrated Extract of Sarsaparilla" I received a copy of his Formula for preparing it.

From testing the Syrup, the fact of the existence in it of the active substances named, was ascertained, and the general good qualities of the preparation inferred.

The Formula exhibits the union of some of the best of our medicinal roots and plants, with substances of the highest repute as remedial agents, and does not include any METALLIC COMPOUND. For the cure in which the medicinal qualities of Sarsaparilla are sought for, this preparation should have a preference, in consequence of the care and skill evinced in compounding it.

One of the most important discoveries of modern science, for the cure of pulmonary affections, is the BALSAM OF WILD CHERRY and the credit of its discovery is due to the celebrated Dr. Wistar. This valuable compound has restored thousands of sufferers to health. It is expectorant, tonic and demulcent, and is said to be a purely vegetable preparation. Under its magic influence the most obstinate coughs, colds, and bronchial irritations disappear. We have used it and can recommend it, particularly at this season, when the great cause of disease, east winds, are so prevalent.

Dear Sir:—The vial of Valerian which you so kindly forwarded me for trial, came very opportunely, and I administered it the next day in a case of Hysteria, and afterwards in high Nervous Exaltation. In both cases it had the excellent effect attributed to this drug, but which in the usual form it is administered is rarely seen uncombined with nausea or some other unpleasant results.—In the opinion expressed by Prof. Phelps, of Dartmouth College, I entirely concur; and I trust you will early and generally introduce it into New York, that we may have an opportunity of using it in those cases where it must be so desirable.
